Strategic Learning Review Canvas

InnoPlot Innovation Paradox Thinking Toolkit | v2.3

Think visually. Decide intuitively. Test systematically.

GUIDED CANVAS

A3 LANDSCAPE | LEARN & ADAPT

01 REVISIT | ORIGINAL INTENT

What did we intend to create or change?

Which response direction did we choose?

Which assumption did we set out to test?

02 LEARN | THREE LEVELS

PERFORMANCE Are we creating the intended value?

DESIGN Do our organisational arrangements work?

STRATEGY Are our original assumptions still valid?

What surprised us? What evidence is still missing?

03 DECIDE | WHAT NOW?

Continue, Adapt, Expand, Discontinue or Reconsider?

What evidence supports our decision?

Which uncertainty remains important?

04 UPDATE | WHAT CHANGES?

What changes in our design, responsibilities,

resources, customer proposition or strategic choice?

05 NEXT STEP | TEST AGAIN

What is our next experiment or action?

Who owns it, and when will we review the evidence?

LEARNING LOOP Performance -> Design -> Strategy -> Adapt or reconsider the response.
